## tradegatexchange

### About Tradegate Exchange

Tradegate Exchange is a stock exchange specialising in executing orders for private investors. Currently around 30 trading participants from Germany, Austria and the United Kingdom are connected, directly or indirectly. Ca. 12,000 securities (equities, ETPs, bonds and investment funds) can be traded. Orders are usually executed in full. The advantages for private investors are no transaction fees and free access to real time stock exchange prices and several indices – also via app. Tradegate Exchange is a regulated market as defined in MiFID.
